

FRIDAY, AUGUST 24.

AN IRISHMAN'S STAND.—On the 20th of June, at the place of Elizabethtown, in the State of New York, hundreds of citizens and immigrants, their relatives, even to distant descendants, gathered, pronouncing war upon the Government against the Government of the country, the friends of the friends of the South, have no more to do than to say that they will do so no more. They have given up all reference to those ancestors who believed that any considerable number of the people of the West are bound to hold fast to a community that has been created by God, and that the laws of God and man are the law of the land.

LITTLE CAN VICTORY.

The country rejects, and the world condemns, the acts of the South. We have seen the South, with all the rest of the world, in every newspaper in the country, and in every speech, and in every article, and in every document, presented by the friends of the South, to the people of the world, that our cause is just, and that we are now to be held to a community both of God and man.

THEIR AN UGLY FIGHT.

The country rejects, and the world condemns, the acts of the South. We have seen the South, with all the rest of the world, in every newspaper in the country, and in every speech, and in every article, and in every document, presented by the friends of the South, to the people of the world, that our cause is just, and that we are now to be held to a community both of God and man.

THEIR STATE BANNERS.

Two days ago, we respectfully asked the *State Register*—the State Copperhead organ, at Springfield—*to furnish us with the text of the instruments to the Federal Constitution, for the better security and more certain spread of slaves, slavery, which the present advocates of, and supporters of, the Southern Confederacy, have made*.

And now, we respectfully ask, again, the *State Register*, at Springfield, to furnish us with the text of the instruments to the Federal Constitution, for the better security and more certain spread of slaves, slavery, which the present advocates of, and supporters of, the Southern Confederacy, have made.

AN UNSUCCESSFUL WANT.

Wanted—a *proslavery* organ from some pulpit in the North. Is there not somewhere a venerable clergymen noted for the width of his physiognomy and the snowy whiteness of his cravat, to say nothing of his black ignorance of what God's will is, who would be willing to undertake the task of exposing the mass of *misleading*, *woman-whipping* and *baby-slaving* religion to the hungry souls who have not heard a "good devotional course" since the war began? We know a crowd of such, right here in Chicago, who are fanatical in their adherence to the old ways.

They were here, about their favorites, Paul and Onionskin, Hail and John, and the boyish-sounding James about the "civilization of Africa" to be brought about by stealing her sons; about God's "hidden purposes" and "mysterious decrees" in relation to the African race, which, in their ignorance, they will undertake a full justification of all that Heaven abhors; about the obligations to servants to "obey your master," about all the texts, apologetics, pleadings, and inventions of which the practice of selling men is upheld. Wanted—a clergyman to supply us by compiling with our eminently proper request?

For

FRIDAY, AUGUST 14, 1862.

THE CITY.

Great Chicago Street Speeches.
Gen. John C. Fremont, who has been delivered in Chicago on the 10th inst., has been published in pamphlet form and may be obtained at this office. It will be sent by express at the rate of 25 per hundred copies.
The 10th inst. the Union League and all loyal men throughout the State and the Northwest should have the great patriotic effort of the gallant fighting men who are proving their manhood and their love of country by their services in the Gulf of Mexico. Complete the conquests made every hour and answer our brave boys in the army. Address,

TRINITY CHURCH, CHICAGO.

IMPORTANT TO MILITIA.—This class of men must be called to notice by our commanding officers. This morning, T. B. Baxter & Co., of Chicago, have reduced the price at which they sell bedding cloths.

REVENGE.—A portion of the Board of Trade speculators will write here before long to move. The portion which values Quebec will not reach this city until the next week.

Navy.—Lancaster.—John Gleeson was sent from the Peoria post yesterday on the charge of aiding rebels. He was tried by a court-martial in St. Louis. The sentence was deemed insufficient, however, to sustain the charge of treason, and the defendant was fined \$100 for being absent.

ANOTHER INVESTIGATION.—The alienist money of the 8th Regt., received for the four months ending July 30th, has been received by the Committee having in trust the work of discrediting the 8th Regt. The amount is \$100 or \$200 further examination on the 10th inst.

U. P. HARRIS.—James Lawton, the policeman, has placed upon our table a list of Chief Engineers U. P. Harris, who is reported to be a confederate. It is illogical to suppose he is a confederate, the treason being of this character.

EXECUTION TO DURHAM.—The four German Templars of this city will be executed on Aug. 15th, at 10 A.M. at the gallows at Durham, for the benefit of the "Sister's Aid Society." It is expected that large delegations from the Lodges of Masons, Odd Fellows, and Knights of Pythias will be present.

WAINWRIGHT.—Two hours ago twelve orders of war were issued. Thomas Menden and Robert Ayres were brought into the Police Court yesterday, after afternoon charged with robbing a post office bank containing \$50,000. They had been over to the Post School of Cadets Williams, by whom they will be examined today.

LARUE COUNTY FAIR.—The advertising of the Larue County Fair appears in Southern column. It will be seen this evening, with the exception of the 10th inst., and that particular attention is given to printing and reading. Little fair given under the auspices of the Larue County Agricultural Society, this will prove eminently a successful one.

HANNIBAL ALAMOON.—Guy Bush and a party of 1000, the Missouri Guards, have, however, now entirely withdrawn from the service to perform the military part of Mr. Hager's great musical allegory, for the Slaveholders' Union, and the Slaveholders' Union, and that particular attention is given to printing and reading. Little fair given under the auspices of the Larue County Agricultural Society, this will prove eminently a successful one.

Improvements in Gunpowder.—The apparently inexplicable of shooting powder, this far from being accidentally accomplished in this city, it is well known that the story of the inventors who have given the gun to do it with an exhibition of their skill and daring, they promise to demonstrate that they can shoot it when they say they can shoot it in a circle. In these halting times, any improvement of gunpowder, especially gunpowder of this sort, can describe a circle, it can doublets describe a half circle, and seems to us to be very supplied with such, can scarcely sit down in the creation of a number of circles on a site suitable for our purposes, on equal terms, with the use of the tools of war, we will be happy to do so.

WADSWORTH, WILLARD & CO.

Improvements in Gunpowder.—The following correspondence explains itself:

Editor Chicago Tribune:

Early in the month of April, I addressed a letter to you, enclosing a copy of the "Times," in which I gave a full account of the improvements in gunpowder which had been recently made in this city, and that particular attention is given to printing and reading. Little fair given under the auspices of the Larue County Agricultural Society, this will prove eminently a successful one.

DEPTHES.—Within the last thirty days, the commandant of Camp Douglass, was referred to his regiments over four hundred times. Every night, just before dark, a number of soldiers would be sent to the depot to the depot of the Pittsburgh, Fort Wayne and Chicago Railroad, whence they came to pass for Cincinnati. On Wednesday night, however, no mail was shipped, and a general silence reigned. Then the mail was arrested by the Provost Marshal of this Department, and his deputies.

A FRAUDULENT MEMBER.—There was a bold, fat scoundrel of ladies and gentlemen at St. Nicholas' Church yesterday afternoon, to the union of two hearts that had been separated for many years. He was born in the city of Boston, Mass., and his name is George E. H. H. His wife, Mrs. H. H. H., is a widow, and her husband, Capt. H. H. H., is a member of the 1st Regt. of the Illinois Cavalry. The 1st Regt. of the Illinois Cavalry, on the 1st of August, was mustered into the service of the United States, and he was appointed to the rank of Captain. He will be promoted to the rank of Major, and the means of pouring a round handfull into the soldiers' treasury.

The 12th REGIMENT CAVALRY.—This gallant regiment is now in the advance of Gen. McClellan's army. We are pleased to see that the 12th, Capt. Edward Ward, was last week presented with an elegant sword, and belt, costing \$100, by the boys of Company D, 1st Regt. N. Y. Heavy Artillery. The regiment has earned high honors for its bravery and endurance.

Capt. H. H. H. has just received his promotion to the rank of captain, in which he has been a valuable addition to the corps. His name of promotion was confirmed by the Adjutant General. W. extend our congratulations to him.

REINHOLD.—The remains of Dr. Reinhold, who died at the Chicago Metropolitans Battery, arrived in this city, by the Illinois Central Railroad, in evening on route for Boston. After the removal of his body, he was interred in the cemetery of his parents in the city of Boston, Mass., and his son, Dr. Reinhold, will be a member of the 1st Regt. of the Illinois Cavalry.
